- Only available with In-Dash Computer (87N) or Tool Link™ (87L)

Includes:

- Radio only delete
- 4 Speakers
- Antenna
- MyKey®★

PACKAGED OPTIONS/EMISSIONS

★5TH WHEEL/GOOSENECK HITCH PREP PACKAGE (53W)

Availability:

- Optional on XL, XLT, Lariat and King Ranch®

Not Available with:

- Stowable Bed Extender (85B)

Includes:

- One Frame under-bed cross member
- Five pickup bed attachment points with plugs
- One integrated 7-pin connector on driver's side pick-up bed wall

5th Wheel Hitch Compatibility:

- The 5th Wheel/Gooseneck prep package (53W) is compatible with the factory orderable 5th Wheel Hitch Kit (15K) and Dealer-installed Ford Custom Accessories 5th Wheel Hitch kit by Reese – part #BC3Z-19D520-A (8ft box only). The prep package is also compatible with Reese Signature Series 5th wheel hitch kits updated with a new Leg Service Kit – Part# BC3Z-A00A25-A (8ft box only)
- The 5th Wheel Hitch Kit (15K) and Dealer-installed Ford Custom Accessories 5th Wheel Hitch kit by Reese – part # BC3Z-19D520-A is not released to the short box (6.75 ft. box).

NOTE: The short pickup box provides less clearance between the cab and 5th wheel trailer compared to "long box" pickups. The receiver centerline of the hitch should be mounted at least two inches forward from the rear-axle of the truck chassis. When selecting a trailer and tow vehicle, it's critical that this combination provide clearance between the cab and tow vehicle for turns up to and including 90 degrees. Failure to follow this recommendation could result in the trailer contacting the cab of the tow vehicle during tight turns.

Gooseneck Hitch Compatibility:

- The 5th Wheel/Gooseneck prep package (53W) is compatible only with the factory orderable Gooseneck Hitch Kit (15J) (8ft box only) or dealer-installed Ford Customer Accessories Gooseneck hitch by Reese - part # BC3Z-19F503-A (8 ft box and 6.75 ft box)

Vehicle Special Order (VSO)

FLEET ONLY. See www.fmcdealer.com for current VSO Order Guide. This live guide includes VSO option codes, descriptions and pricing. Email vsomail@ford.com or call 1.800.34.FLEET, menu 4 with any VSO questions you may have.

High Sulfur Diesel Fuel Usage

Vehicles for intended usage with diesel fuel sulfur content greater than 15ppm require Euro II (>500ppm sulfur) or Euro III (<500ppm sulfur) packages to avoid engine functionality issues.

Packages are available through Export Order Guide with the appropriate US EPA exemption or verifiable export usage.

NOTE: Post build modification kits are not available. Vehicles must be ordered correctly for the market that they are to be sold and operated in.

NOTE: JP8 fuel is NOT supported with these packages.

Leaded Fuel Capable

Package is available through Export Order Guide with the appropriate US EPA exemption or verifiable market usage.

NOTE: Post build modification kits are not available. Vehicles must be ordered correctly for the market that they are to be sold and operated in.

European Certified Headlamps

European certified headlamp package is available for export usage through Export Order Guide.

NOTE: Post build modification kits are not available. Vehicles must be ordered correctly for the market that they are to be sold and operated in.

PACKAGED OPTIONS/EMISSIONS**CALIFORNIA EMISSIONS STATES/CROSS BORDER STATES*******CALIFORNIA EMISSIONS SYSTEM 422**

Required on units with GVWR of 14,000# or less, for California, Connecticut, Massachusetts, Maryland, Maine, , New York, Oregon, Rhode Island and Vermont registration. Optional for Cross Border States. Not available on diesel.

CALIFORNIA EMISSIONS SYSTEM NOT REQUIRED 423

Control code for units either shipped to California Emission State dealers or ordered by California Emission State dealers for registration in non-California State locations. Not available on diesel engines. **Note:** In Maine, Rhode Island and Vermont, dealers cannot order vehicles for customers in non-California Emission State locations (except Public Service/Emergency Vehicles – 936)

50-STATE EMISSIONS 425

Forced on diesel engines and gas engines on F-350 DRW. Optional on F-250/F-350 SRW with gas engines. Available as a Fleet only option on all other vehicles with gas engines.

CALIFORNIA EMISSION EXEMPTION FOR PUBLIC SERVICE/EMERGENCY VEHICLES..... 936

This exemption may only apply in certain states. Ordering dealer is responsible for contacting the proper state authorities for clarification on qualifying exempted vehicles for registration. Only available on units sold for authorized public service or emergency service use. Must also use Code 423 when ordering

NON-CALIFORNIA EMISSIONS/NON-CROSS BORDER STATES DEALER ORDER FOR CALIFORNIA STATES REGISTRATION..... 93N

It is a violation of federal law for a Federal state dealer to sell a vehicle with Code "422" (California Emissions System), unless the vehicle will be registered in a California Emissions or Cross Border State. Federal dealers ordering vehicles with code "422" Code are required to also use code "93N" to attest that the vehicle is being sold/delivered to a customer intending to register the vehicle in a California Emissions or Cross Border State

*****CROSS BORDER STATES (14,000# or under GVWR)**

Cross Border States are AZ, DE, ID, NV, NH, NJ, PA, VA, WA & WV.
